Wharton Christian Fellowship is a community in which Christ's love is known, shared, and experienced. We focus on four main areas:

- **Community** - we're involved in each other's lives and typically do this through small group dinners and gathering, semi-annual retreats, and friendship
- **Outreach** - we share the life we know through our words and actions. This includes bringing in speakers, especially Christians in business
- **Service** - we care for the needs of Wharton, the Philadelphia community, and beyond through various events and opportunities
- **Teaching** - we learn and apply biblical teachings to our lives. We have various weekly groups. Some are more focused on relationships, testimonies, and Bible passages, while other groups follow books from leading Christian thinkers.

We are MBA students and partners who care about exploring the intersection of Christian faith and business.
